*Before haying and grazing, contact your FSA office to see if your county remains eligible and/or obtain a modified conservation plan. This list is for the current program year and current local conditions may have changed. After a county is approved for emergency haying and grazing, COC must review conditions on a monthly basis and determine whether continuing the emergency activities is warranted.

Counties eligible prior to October 1 of 2024 may be eligible for grazing or haying but any days utilized after the start of October 1, 2024 will count towards the total allowable days in 2025.
