U.S. DEPARTMENT OF AGRICULTURE

Alabama USDA Newsletter - May 2024

Farm Service Agency | Natural Resources Conservation Service | Risk Management Agency

In This Issue:

- [Organic Producers and Handlers are Encouraged to apply for the Organic Certification Cost Share Program that can help cover up to 75% or organic certification costs](#)
- [USDA Partners with FarmRaise to Offer Educational Tools and Resources to Promote Financial Access and Equity for Agricultural Producers](#)
- [SCORE Matches Producers to Mentors](#)
- [Guide Available for Underserved Farmers, Ranchers](#)

Organic Producers and Handlers are Encouraged to apply for the Organic

Certification Cost Share Program that can help cover up to 75% of organic certification costs

Through the [Organic Certification Cost Share Program](#) (OCCSP), USDA's Farm Service Agency (FSA) will cover up to 75% of organic certification costs at a maximum of \$750 per certification category. FSA is now accepting applications, and organic producers and handlers should apply for OCCSP by the Oct. 31, 2024, deadline for eligible expenses incurred from Oct. 1, 2023, to Sept. 30, 2024. FSA will issue payments as applications are received and approved.

OCCSP was part of a [broader organic announcement](#) made by Agriculture Secretary Tom Vilsack on May 15, 2024, which also included the Organic Market Development Grant program and Organic Transition Initiative.

Eligible Applicants, Expenses and Categories

OCCSP provides cost-share assistance to producers and handlers of organic agricultural commodities for expenses incurred obtaining or maintaining organic certification under USDA's [National Organic Program](#). Eligible OCCSP applicants include any certified organic producers or handlers who have paid organic certification fees to a USDA-accredited certifying agent.

Cost share assistance covers expenses including application fees, inspection costs, fees related to equivalency agreement and arrangement requirements, inspector travel expenses, user fees, sales assessments and postage. OCCSP pays a maximum of \$750 per certification category for crops, wild crops, livestock, processing/handling, and state organic program fees (California only).

How to Apply

To apply, producers and handlers should contact FSA at their local [USDA Service Center](#) and be prepared to provide documentation of organic certification and eligible expenses. OCCSP applications can also be submitted through participating state departments of agriculture. For more information, visit the [OCCSP](#) webpage.

Opportunity for State Departments of Agriculture

FSA is also accepting applications from state departments of agriculture to administer OCCSP. FSA posted a [funding opportunity summary on grants.gov](#) and will electronically mail the Notice of Funding Opportunity to all eligible state departments of agriculture. Applications are due July 12, 2024.

If a state department of agriculture chooses to participate in OCCSP, both the state department of agriculture and FSA county offices in that state will accept OCCSP applications and make payments to eligible certified operations. Producers or handlers can receive OCCSP assistance from either FSA or the participating state department of agriculture but not both.

More Information

USDA offers other assistance for organic producers, including the [Organic Transition Initiative \(OTI\)](#), which includes direct farmer assistance for organic production and processing and conservation. For more information on organic agriculture, visit farmers.gov/organic.

To learn more about FSA programs, producers can contact their local [USDA Service Center](#). Producers can also prepare maps for acreage reporting as well as manage farm loans and view other farm records data and customer information by logging into their [farmers.gov account](#). If you don't have an account, sign up today.

USDA Partners with FarmRaise to Offer Educational Tools and Resources to Promote Financial Access and Equity for Agricultural Producers

The U.S Department of Agriculture (USDA) today unveiled a new, online Livestock Indemnity Program (LIP) Decision Tool and farm loan resources available to agricultural producers and cooperators who help producers access USDA disaster assistance, farm loans and other federal farm programs. The new LIP tool and the farm loan

informational video resources were developed in partnership with FarmRaise and USDA's Farm Service Agency (FSA). These tools are now available at www.farmraise.com/usda-fsa.

Current FarmRaise Tools and Resources

[FarmRaise, Inc.](#) has created an online, [educational hub](#) -- called [Farm Service Agency 101](#) -- comprised of videos, and resources that enable cooperators and the agricultural producers they serve to learn about and access major FSA programs.

The newly launched LIP Decision Tool assists livestock producers who suffered losses from eligible adverse weather events and other causes of loss as well as cooperators who are helping disaster-impacted livestock producers navigate available federal disaster

assistance programs. The optional decision tool gives producers guidance on what is needed to gather and submit required loss documentation, reducing the amount of time needed to complete applications and enabling FSA county office staff to deliver much-needed assistance faster. Using this tool, however, is not an application for benefits or a determination of eligibility.

Through use of the LIP tool, livestock producers can provide supporting documentation, inventory numbers, and loss numbers to FSA county offices. Doing so, in advance of the initial county office visit, will help FSA staff serve customers more effectively and efficiently. Producers will also need to complete an application for LIP assistance and, upon request, may be asked to provide additional supporting documentation.

[LIP](#) offers payments to livestock producers for livestock deaths in excess of normal mortality caused by qualifying adverse weather events. LIP also covers losses due to eligible diseases and attacks by animals reintroduced into the wild by the federal government or protected by federal law. This includes attacks by wolves and predatory birds.

In addition to the new LIP Decision Tool, the FarmRaise educational hub offers several, easily navigated farm loan programs how-to videos designed to introduce producers to FSA's many farm loan programs options and guide them through the application process. More FSA program resources and tools will soon be added to the FarmRaise educational hub. Cooperators and agricultural producers are encouraged to visit the FarmRaise educational hub often to access all available resources.

About the Partnership

USDA cooperators are organizations on the frontlines of access and often are the first point of contact connecting farmers to USDA programs. The partnership between FarmRaise, Inc. and FSA, through a cooperative agreement, aims to improve producer participation and customer experience in USDA programs through education and technical assistance to young, beginning, and small-scale to mid-sized producers, producers with disabilities, and veterans.

By developing a digital educational hub that delivers free, user-friendly, producer and cooperator-tested resources USDA and FarmRaise, Inc. will help FSA expedite program delivery to agricultural producers. The hub offers how-to videos and visual aids that educate producers about FSA programs and prepares them for submitting applications for program participation.

More Information

Assistance for Bee and Honey Producers – From Plant to Product

World Bee Day is celebrated each year on May 20th. Bees help feed and fuel communities by pollinating crops. In fact, some scientists estimate that one out of every three bites of food we eat exists because of animal pollinators like bees. From plants to final product,

the U.S. Department of Agriculture has programs to help bee and honey producers every step of the way. Our programs can help protect and conserve habitat, protect your investments and recover from disasters impacting your operation.

SCORE Matches Producers to Mentors

If you are a farmer or rancher, or have agricultural or business experience, join us in supporting the next generation and in investing in your local community. Your experiences and knowledge as a business owner, agricultural professional, or farmer can provide vital support to your community.

SCORE – score.org - the nation's largest network of volunteer, expert business mentors, is looking to expand the field of available agricultural mentors and provide free business mentoring to farmers, ranchers, and other agricultural and rural business owners.

SCORE is currently looking for volunteers with experience in an agriculture-related field who would like to become part of an extended field of volunteers. The organization's Orientation and Mentoring Certification program provides volunteers with everything needed to be a successful volunteer. Training includes background about SCORE's mission and services, as well as guidance on how to be a business mentor, including enhancement of listening, interviewing and problem-solving skills.

Current mentors have backgrounds in finance, accounting, marketing, operations, business and financial planning. The mentors provide local expertise and free one-on-one business mentoring to new and existing farmers and business owners. Together they work through the process of starting or maintaining agricultural and rural businesses. No matter what stage a business is in, SCORE volunteer mentors can help in developing business

plans, navigating financing and legal issues, identifying new markets, and other topics, in order to help their clients succeed.

Learn more and sign up to become a mentor today at score.org/usda.

Guide Available for Underserved Farmers, Ranchers

A multi-agency guide for USDA assistance for underserved farmers and ranchers is now available. If you are a farmer or rancher and are a minority, woman, veteran, beginning, or limited resource producer, you can use this booklet to learn about assistance and targeted opportunities available to you. This includes programs offered through the Farm Service Agency, Natural Resources Conservation Service, and Risk Management Agency. [Download the guide here](#). The guide is also available in Spanish, Hmong, Korean, Vietnamese, Thai and Chinese on farmers.gov/translations.
