Acting State Executive Director:

Jamie White

One-Time PLC Yield Updates - Deadline September 30

Farm owners have a one-time opportunity to update PLC yields of covered commodities on the farm, regardless of Agriculture Risk Coverage (ARC) and Price Loss Coverage (PLC) program election. The deadline to request a PLC yield update is September 30, 2020.

The updated yield will be equal to 90 percent of the average yield per planted acre in crop years 2013-2017 (excluding any year where the applicable covered commodity was not planted), subject to the ratio obtained by dividing the 2008-2012 average national yield by the 2013-2017 average national yield for the covered commodity. If the reported yield in any year is less than 75 percent of the 2013-2017 average county yield, then the yield will be substituted with 75 percent of the county average yield.

The chart below provides the ratio obtained by dividing the 2008-2012 average national yield by the 2013-2017 average national yield for each covered commodity.

State Committee:	Covered Commodity	National Yield Factor
Mark Gross, Chairman	Barley	0.9437
	Canola	0.9643
Tiffani Robertson, Member	Chickpeas, Large	1.0000
	Chickpeas, Small	0.9760
Bill Simonson, Member	Corn	0.9000
	Crambe	1.0000
Gwen Kitzan, Member	Flaxseed	1.0000
	Grain Sorghum	0.9077
Kelsey Ducheneaux, Member	Lentils	1.0000
	Mustard Seed	0.9460
	Oats	0.9524
Program Managers:	Peanuts	0.9273
	Peas, Dry	0.9988
Owen Fagerhaug <i>Conservation/Safety Net</i>	Rapeseed	1.0000
	Rice, Long	0.9330
Theresa Hoadley <i>Program Delivery/Price Support</i>	Rice, Medium	0.9887
	Rice, Temp Japonica	0.9591
LaDonna Hupp <i>Farm Loan Program</i>	Safflower	1.0000
	Seed Cotton	0.9000
	Sesame Seed	0.9673
	Soybeans	0.9000
	Sunflower Seed	0.9396
To find contact information for your local office go to www.fsa.usda.gov/sd	Wheat	0.9545

It is the owner's choice whether to update or keep existing PLC yields. If a yield update is not made, then no action is required to maintain the existing PLC yield. An existing or updated PLC yield will be maintained and effective for crop years 2020 through 2023 (life of the 2018 Farm Bill).

PLC yields may be updated on a covered commodity-by-covered commodity basis using FSA form [CCC-867](#).

For more information, reference resources and decision tools, visit farmers.gov/arc-plc. Contact your local Farm Service Agency Office for assistance – farmers.gov/service-center-locator.

FSA Reminds Producers of Ongoing Disaster Assistance Program Signup

USDA has started making payments through the Wildfire and Hurricane Indemnity Program – Plus (WHIP+) to agricultural producers who suffered eligible losses because of drought or excess moisture in 2018 and 2019. Signup for these causes of loss opened March 23, and producers who

suffered losses from drought (in counties designated D3 or above), excess moisture, hurricanes, floods, tornadoes, typhoons, volcanic activity, snowstorms or wildfires can still apply for assistance through WHIP+.

To be eligible for WHIP+, producers must have suffered losses of certain crops, trees, bushes or vines in counties with a Presidential Emergency Disaster Declaration or a Secretarial Disaster Designation (primary counties only) for qualifying natural disaster events that occurred in calendar years 2018 or 2019. Also, losses located in a county not designated by the Secretary as a primary county may be eligible if a producer provides documentation showing that the loss was due to a qualifying natural disaster event.

For losses due to drought, a producer is eligible if any area of the county in which the loss occurred was rated D3, or extreme drought, or higher on the U.S. Drought Monitor during calendar years 2018 or 2019. Producers who suffered losses should contact their FSA county office.

In addition to the recently added eligible losses of drought and excess moisture, FSA will implement a WHIP+ provision for crop quality loss that resulted in price deductions or penalties when marketing crops were damaged by eligible disaster events. To ensure an effective program for all impacted farmers, the Agency is currently gathering information on the extent of quality loss from producers and stakeholder organizations.

USDA Service Centers, including FSA county offices, are open for business by phone only, and field work will continue with appropriate social distancing. While program delivery staff will continue to come into the office, they will be working with producers by phone and using online tools whenever possible. All Service Center visitors wishing to conduct business with the FSA, Natural Resources Conservation Service or any other Service Center agency are required to call their Service Center to schedule a phone appointment. More information on Service Centers can be found at farmers.gov/coronavirus, and more information on WHIP+ can be found at farmers.gov/whip-plus.

FSA Outlines MAL and LDP Policy

The 2018 Farm Bill extends loan authority through 2023 for Marketing Assistance Loans (MALs) and Loan Deficiency Payments (LDPs).

MALs and LDPs provide financing and marketing assistance for wheat, feed grains, soybeans, and other oilseeds, pulse crops, rice, peanuts, cotton, wool and honey. MALs provide you with interim financing after harvest to help you meet cash flow needs without having to sell your commodities when market prices are typically at harvest-time lows. A producer who is eligible to obtain a loan, but agrees to forgo the loan, may obtain an LDP if such a payment is available. Marketing loan provisions and LDPs are not available for sugar and extra-long staple cotton.

FSA is now accepting requests for 2019 MALs and LDPs for all eligible commodities after harvest. Requests for loans and LDPs shall be made on or before the final availability date for the respective commodities.

Commodity certificates are available to loan holders who have outstanding nonrecourse loans for wheat, upland cotton, rice, feed grains, pulse crops (dry peas, lentils, large and small chickpeas), peanuts, wool, soybeans and designated minor oilseeds. These certificates can be purchased at the posted county price (or adjusted world price or national posted price) for the quantity of commodity

under loan, and must be immediately exchanged for the collateral, satisfying the loan. MALs redeemed with commodity certificates are not subject to Adjusted Gross Income provisions.

To be considered eligible for an LDP, you must have form [CCC-633EZ, Page 1](#) on file at your local FSA Office before losing beneficial interest in the crop. Pages 2, 3 or 4 of the form must be submitted when payment is requested.

Marketing loan gains (MLGs) and loan deficiency payments (LDPs) are no longer subject to payment limitations, actively engaged in farming and cash-rent tenant rules.

Adjusted Gross Income (AGI) provisions state that if your total applicable three-year average AGI exceeds \$900,000, then you're not eligible to receive an MLG or LDP. You must have a valid CCC-941 on file to earn a market gain of LDP. The AGI does not apply to MALs redeemed with commodity certificate exchange.

For more information and additional eligibility requirements, contact your local county USDA Service Center or visit fsa.usda.gov.

Report Noninsured Crop Disaster Assistance Program (NAP) Losses

NAP provides financial assistance to you for crops that aren't eligible for crop insurance to protect against lower yields or crops unable to be planted due to natural disasters including freeze, hail, excessive moisture, excessive wind or hurricanes, flood, excessive heat and qualifying drought (includes native grass for grazing), among others.

To receive payment, you had to purchase NAP coverage for 2020 crops and file a notice of loss the earlier of 15 days of the occurrence of the disaster or when losses become apparent or 15 days of the final harvest date.

For hand-harvested crops and certain perishable crops, you must notify FSA within 72 hours of when a loss becomes apparent.

Eligible crops must be commercially produced agricultural commodities for which crop insurance is not available, including perennial grass forage and grazing crops, fruits, vegetables, mushrooms, floriculture, ornamental nursery, aquaculture, turf grass, ginseng, honey, syrup, bioenergy, and industrial crops.

For more information on NAP, contact your local county USDA Service Center or visit fsa.usda.gov/nap.

FSA Offers Loan Servicing Options

There are options for Farm Service Agency (FSA) loan customers during financial stress. If you are a borrower who is unable to make payments on a loan, contact your local FSA Farm Loan Manager to learn about your options.

Distaster Set- Aside (DSA) Program for Farm Loan Borrowers

Farm Service Agency (FSA) borrowers with farms located in designated primary or contiguous disaster areas who are unable to make their scheduled FSA loan payments should consider the Disaster Set-Aside (DSA) program.

DSA is available to producers who suffered losses as a result of a natural disaster and relieves immediate and temporary financial stress. FSA is authorized to consider setting aside the portion of a payment/s needed for the operation to continue on a viable scale.

Borrowers must have at least two years left on the term of their loan in order to qualify.

Borrowers have eight months from the date of the disaster designation to submit a complete application. The application must include a written request for DSA signed by all parties liable for the debt along with production records and financial history for the operating year in which the disaster occurred. FSA may request additional information from the borrower in order to determine eligibility.

All farm loans must be current or less than 90 days past due at the time the DSA application is complete. Borrowers may not set aside more than one installment on each loan.

The amount set-aside, including interest accrued on the principal portion of the set-aside, is due on or before the final due date of the loan.

For more information, contact your local county USDA Service Center or visit fsa.usda.gov.

USDA is an equal opportunity provider, employer and lender. To file a complaint of discrimination, write: USDA, Office of the Assistant Secretary for Civil Rights, Office of Adjudication, 1400 Independence Ave., SW, Washington, DC 20250-9410 or call (866) 632-9992 (Toll-free Customer Service), (800) 877-8339 (Local or Federal relay), (866) 377-8642 (Relay voice users).
