MYA Price=national average price received by producers during the 12-month marketing year.

1/ F= Final MYA prices--Source: National Agricultural Statistics Service (NASS), Agricultural Prices on the publishing dates listed under column C. MYA prices for commodities without scheduled publishing dates are generally published near the end of the noted month. P=Projected MYA prices--Source: USDA's World Agricultural Supply and Demand Estimates or Interagency Commodity Estimates Committee Minutes.

2/ The annual benchmark price (columns F-J) equals the higher of the effective reference price or the respective MYA price. Highlighted annual benchmark prices note when the effective reference price replace MYA price. ARC-CO benchmark revenue equals the final ARC-CO benchmark price (column K) multiplied by the benchmark county yield (5-year average of county yields, excluding the high and low yields). The ARC-CO revenue guarantee equals 86% of the ARC-CO benchmark revenue.

3/ The ARC-CO benchmark price (column K) equals the 5-year average of the 2017/18-2021/22 annual benchmark prices, excluding the high and low prices (noted with a strikeout line through the prices). The ARC-CO benchmark revenue equals the ARC-CO benchmark price multiplied by the ARC-CO county yield (5-year average of county yields, excluding the high and low yields). The ARC-CO revenue guarantee equals 86% of the ARC-CO benchmark revenue.

4/ The ARC-CO price (column N) equals the higher of the: (a) 2023/24 MYA price (column L), or (b) 2023 national average loan rate (column M). The actual ARC revenue equals the actual ARC-CO price multiplied by the actual ARC-CO county yield. The ARC-CO payment rate is the lesser of: (a) 10% of the ARC-CO benchmark revenue, or (b) the ARC-CO revenue guarantee minus the actual ARC-CO revenue.

5/ Seed cotton price is a weighted average of national upland cotton and cottonseed prices. The 2023/24 marketing year for upland cotton is August 1, 2023 to July 31, 2024. Marketing year for cottonseed is August 1, 2023 to February 28, 2024.

6/ Medium/short grain excludes temperate japonica rice.
