**PART A – PRODUCER AGREEMENT**

The Farm Service Agency (FSA) will make payments under ERP 2022 Track 1 to eligible producers who meet the requirements of the program, subject to the availability of funds. The following information is needed in order for FSA to determine that the producer is eligible to receive ERP 2022 Track 1 assistance. By submitting this application, the producer agrees:

To comply with the Notice of Funds Availability published by FSA. A copy of this document may be found at: <https://www.fsa.usda.gov/programs-and-services/emergency-relief/index>

To provide to FSA any additional information requested by FSA to verify that information provided on this form is accurate within 30 calendar days of the request or the application will be disapproved. The producer is required to retain documentation in support of their application for 3 years after the date of approval. All information provided to FSA for program eligibility and payment calculation purposes, including certification that a producer suffered an eligible loss due to a qualifying disaster event, is subject to spot check.

To comply with payment attribution and payment eligibility provisions by submitting the following forms within 60 days of the announced application deadline, if not already on file with FSA:

- AD-2047, Customer Data Worksheet (if applicable)
- CCC-902, Farm Operating Plan for Payment Eligibility
- CCC-901, Member Information for Legal Entities (if applicable)
- AD-1026, Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification
- FSA-510, Request for an Exception to the \$125,000 Payment Limitation for Certain Programs (optional, if applicable)
- CCC-860, Socially Disadvantaged, Limited Resource, Beginning and Veteran Farmer or Rancher Certification (optional, if applicable).

The application will not be considered complete until all producers that have a share of the ERP 2022 Track 1 payment have completed all required items and signed in Item 35. Failure of an individual, entity, or member of an entity to timely submit all information required may result in no payment or a reduced payment.

That any funds received by a producer under this program will be applied by FSA first to any judgment lien against the producer's property for a debt to the United States to the extent such a lien exists.

That for the purpose of certifications in Items 19 and 33 a qualifying loss means that the calculated crop insurance indemnity or Noninsured Crop Disaster Assistance Program (NAP) payment that I received was due, in whole or in part, to a crop production loss, or a loss of trees due to a qualifying disaster event. For ERP 2022, qualifying disaster event means: wildfires, hurricanes (including excessive wind, storm surges, tropical storms, and tropical depressions that occurred as a direct result of a hurricane), floods (including silt and debris that occurred as a direct and proximate result of flooding), derechos (including excessive wind that occurred as a direct result of a derecho), excessive heat, tornadoes, winter storms (including excessive wind and blizzards that occurred as a direct result of a winter storm), freeze (including a polar vortex), smoke exposure, excessive moisture, qualifying drought, and related conditions occurring in calendar year 2022. "Related conditions" mean damaging weather and adverse natural occurrences that occurred concurrently with and as a direct result of a specified qualifying disaster event. "Qualifying drought" means an area within the county in which the loss occurred was rated by the U.S. Drought Monitor as having a drought intensity of D2 (severe drought) for eight consecutive weeks or D3 (extreme drought) or higher for any period of time during the 2022 calendar year. A list of counties that experienced a qualifying drought in calendar year 2022 is available through local FSA service centers and at <https://www.fsa.usda.gov/programs-and-services/emergency-relief/index>.

DATE STAMPED

**PART A – PRODUCER AGREEMENT (Continued from Page 1)**

The Disaster Relief Supplemental Appropriations Act, 2023, requires producers to obtain Federal crop insurance or NAP coverage for the next two available crop years to be eligible for an ERP 2022 payment. By signing this form, the producer agrees to **have read and to comply with the crop insurance and NAP coverage requirement as stated below for each crop for which “YES” is checked in Items 18 and 32.** This agreement does not supersede or modify any previous requirements to purchase crop insurance or NAP coverage under any other law or program.

I understand that I have applied for a payment under ERP 2022 on at least one **insurable crop and/or NAP eligible crop.** In return for receiving a payment under ERP 2022, I agree to purchase crop insurance or NAP, as may be applicable for the crop, at a coverage level equal to or greater than 60 percent for insurable crops, or at the catastrophic level or higher for NAP crops, for the next two available crop years. Availability will be determined from the date I receive an ERP 2022 payment and may vary depending on the timing and availability of crop insurance or NAP for particular crops. The final crop year to purchase crop insurance or NAP coverage to meet the second year of coverage for this requirement is the 2027 crop year. I understand that I am also required to pay any service fees, administrative fees, and premiums associated with such coverage. I acknowledge that I must refund my ERP 2022 payment if I fail to meet this requirement.

If I am required to meet this requirement for a crop for which an individual crop insurance policy is not available and I am ineligible for a NAP payment for the applicable year(s) because I exceed the average Adjusted Gross Income (AGI) limitation, then I must meet this requirement by either:

- obtaining NAP coverage and paying the applicable NAP service fee as required above, regardless of my ineligibility for NAP payment; or
- purchasing Whole-Farm Revenue Protection (WFRP), if eligible.

If I receive a Track 1 payment that was calculated based on an indemnity under a Pasture, Rangeland, and Forage, Annual Forage or WFRP policy, I understand that I must purchase the same type of policy or a combination of individual policies for the crops that had covered losses under ERP 2022 to meet this linkage requirement.
